

Durable Lightweight Tables & Chairs

# AI-13 Aluminum Table

## SPECIFICATIONS

Size	Weight
18"x72" [46cm x 183cm]	24 lbs [11kg]
18"x96" [46cm x 244cm]	35 lbs [16kg]
30"x72" [76cm x 183cm]	41 lbs [19kg]
30"x96" [76cm x 244cm]	51 lbs [23kg]
60" [152cm] Diameter	55 lbs [25kg]
48" [122cm] Diameter	40 lbs [18kg]
36" [91cm] Diameter	25 lbs [11kg]
30" [76cm] Diameter	22 lbs [10kg]

30" x 72" H Leg

### Tabletop:

1. Made from a seamless sheet of aluminum
2. Reinforced understructure made of aluminum runners seamlessly connected to the top with proprietary adhesive to ensure a perfectly smooth top surface

### Internal Edge Reinforcing:

1. 1/16" boxed edge beams run the length and width of the table and are chemically welded to table bottom, inside edge and corner. It is the integration of the beams to the table top and corners that give the table unsurpassed edge durability and strength

### Corner Reinforcement:

1. Corners are reinforced with solid aluminum inserted directly to the edge beams for increased durability

### Folding Leg Construction:

1. The base table is equipped with fixed-height legs constructed of 16-gauge 2" x 1" extruded aluminum tube
2. The leg assembly incorporates a folding aluminum brace mechanism
3. Ends of the legs incorporate a non-marking, nylon closure (glide) for floor protection
4. Base legs are coated with black, mar-resistant polyester powder coating and oven hardened for 30 minutes

### Folding Leg Mounting System:

1. Leg assemblies are welded on the underside of the tabletop directly to the aluminum runners for added strength
2. Top bar is made of 1.0" OD aluminum tube
3. Top bar is secured using aluminum clamps riveted directly into support structure

### Performance Specifications:

1. The tabletop surface can withstand 350° F [150° C] for more than 10 minutes
2. A 30" x 72" [76cm x 183cm] table withstands a vertical drop onto a smooth hard surface, squarely on the table's Duracorner edge from a height of 2.0' [61cm]; 1.0" with the color-match corner.

### Performance Specifications (continued):

3. The table with a Duracorner can withstand a 24" drop onto a smooth surface without sustaining structural damage to top surface. The Color Match table can withstand a 12" drop.
4. The table can support an evenly distributed load of 3,000 lbs.

### Storage:

1. Tables are less than 2.5" thick when legs are folded closed
2. Tables can be stacked vertically or horizontally
3. Compatible with Mity-Lite cart part number ACRT3072FBLK2
4. Table legs incorporate a molded bumper to decrease the likelihood of damage

### Warranty:

1. Limited Lifetime Warranty on all parts and labor
2. A permanent label is affixed to the underside of the tabletop and states the manufacturer's name, address, phone number, standard warranty and exclusions

### Sustainability:

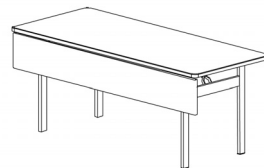

1. AI-13 Rectangle Tables are 100% recyclable

### Safety:

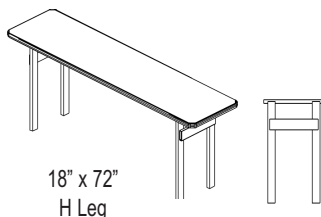

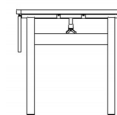

1. Compliant with Cal 133 (California Fire Code 133)

### Options:

1. Brushed design
2. Color match corner
3. Conference leg option on 18" x 72" & 18" x 96"
4. Modesty panel available for any 72" or 96" rectangular table  
72" modesty panel adds 6.5 lbs; 96" modesty panel adds 8.1 lbs

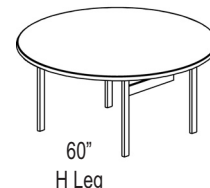

30" x 72" with modesty panel

18" x 72"
