

DuraMax™ Pro – Resin Folding Chair

S P E C I F I C A T I O N S

Seat Height	Overall Height	Width	Weight	Seat Depth	Footprint
18" (45cm)	30 1/2" (79cm)	17 1/8" (43.5cm)	11.5 lbs. (5kg)	14" (35.6cm)	16 3/8" L x 17 1/8" W (41.6cm x 43.5cm)

Legs and Frame: Chair legs and frame are made from polypropylene resin (82% PP + 18% mineral filler, elastomer, colorant, UV stabilizer, and anti-aging agent). Cross supports consist of identical material.

Seat: Seat base is manufactured from the same polypropylene resin used throughout the chair legs and frame. Seat is removable and easily snaps in or out for convenient replacement.

Upholstery: PVC leather is applied over 1/4" (6.4mm) foam padding, then securely attached to the polypropylene base with upholstery staples.

Seat base support: Seat base is reinforced with a 3/16" (4.8mm) x 16 5/8" (422mm) zinc-plated steel bar that is attached to the frame and which also functions as the seat's pivot point.

Folding: Chair folds flat to 2 1/4" (59mm).

Hardware: Frame and legs are attached to corresponding frame members using 3/16" (4.8mm) x 2 3/16" (55.6mm) zinc-plated steel bolts.

Stacking: Chairs stack 30 units high.

Colors: Chairs are manufactured in White and Black.

Performance Specifications: Chairs were successfully tested to 1,000+ lbs. in a static load test.

Warranty: DuraMax™ Pro Resin Folding chairs are warranted to be free from manufacturer defects in materials and workmanship under normal use, service, and handling for a period of three (3) years from the date of purchase. Seat vinyl is warranted to be free from manufacturer defects for a period of one (1) year from the date of purchase.
