

Madera Table

Safer, maintenance-free & more durable than its plywood cousin

Mity-Lite brings innovation to the folding table market through its patent-pending line of Madera Tables.

The Madera Table line supports the durable lightweight attributes that Mity-Lite customers have come to expect.

Available in a variety of shapes, sizes, and finishes, Madera Table surfaces are easy to clean, maintenance-free, and can be used without linens. Madera rectangular table corners are extremely durable due to a Mity-Lite high-impact design and can withstand a drop from 2 feet! Madera table corners are also replaceable if necessary. "Easy-grip" aluminum runners along the table's underside offer superior handling for fast but safe setup and takedown. The Madera Table outlasts the competition, especially in abusive commercial environments.

Product Features

- Durable structure supports 1,000+ lbs (454kg)
- Stain-resistant table surfaces won't crack or splinter & are heat & water resistant
- Maintenance-free construction; never needs sanding or refinishing
- Standard reinforced corners can withstand a 2 ft. drop and are easily replaceable
- Easy to grip and carry due to lightweight aluminum runners
- Available in multiple shapes, sizes and finish options, including laminate surfaces
- In-stock; quick ship available
- Broad cart offering
- Delivers a low overall cost of ownership
- 5-year limited warranty
- Made in the USA

Madera Table

Durable Lightweight Tables & Chairs
