30" x 72"

30" x 72" with modesty panel

60" Round

Tabletop:

1. High-impact ABS plastic or Wilsonart® laminate on 5/8" furniture grade plywood
2. Bonded together using high-strength adhesive
3. Plywood is completely sealed with clear-coat finish to prevent warping, cracking & splinters

Understructure:

1. U-channel aluminum runners attached directly into the wood with screws
2. ABS runner caps with integrated stack button to prevent sliding and scuffing of stacked tables

Edges

1. Standard "L" edge made from .10" thick aluminum angle trim. Wraps entire edge of the table and flush with tabletop surface.
2. Optional "C" edge made from extruded aluminum and used in conjunction with high-impact corner on rectangular tables or wraps entire table on rounds.

Optional High-impact Corner:

1. Corners are protected by high-strength / high-impact polyurethane cap
2. The corners can withstand a 2' drop without sustaining structural damage
3. Replacement corners available

Legs:

1. Steel leg brackets are bolted metal-to-metal into steel T-nut fastener within tabletop
2. Wishbone leg – 30" wide rectangles & 48"– 72" rounds
3. Conference leg – 24" wide rectangle
4. Offset Conference leg – 18" wide rectangle
5. Post leg – 48" round, 30" quarter round

Performance Specs:

1. Tables with high-impact corner can withstand a 24" drop onto a flat surface without sustaining structural damage
2. Rated to hold and recover when placed under a 1000lbs line load across the width of the table
3. Rated to hold and recover when placed under a 1000lbs evenly distributed surface load
4. Round edge can easily withstand 3000 revolutions with no structural damage to the surface
5. Folding leg mechanism tested to over 17,000 cycles without failure (3X per day, 365 days per year, for over 15+ years)

Storage:

1. Madera tables are compatible with all Mity-Lite standard table carts Stack densities are as follows:
 - RT Standard - 1.95"
 - CT 30, 36, 48 - 3.00"
