

Durable Lightweight Tables & Chairs

## SwiftSet® Stacking Chairs

Mity-Lite's SwiftSet Stacking Chair echoes the patented design of the popular SwiftSet Folding Chair and matches it in all lightweight durability aspects. Made of easy-to-clean polypropylene and strong 14-gauge oval steel tubing, these chairs are engineered to withstand years of commercial use. SwiftSet Stacking Chairs also solve labor and storage problems with quick and easy set-ups and extremely dense stacking (up to 25 chairs high for storage). These popular chairs are available in a variety of colors and backed with an industry-leading warranty and award winning customer service.

### Product Features

- Easy setup & takedown saves time and money
- UV-stable for outdoor use
- Durable powder-coat finish reduces scuffs & scratches
- Superior lumbar support offers greater comfort
- Supports over 1,000 lbs (454kg)
- Straight-up stacking for dense storage
