

Position	Seat Height	Overall Height	Width	Weight	Seat Depth	Depth	Footprint
OPEN	18.5" (47.0cm)	32.5" (83.0cm)	20.0" (50.2cm)	11 lbs. (4.8kg)	18.0" (46.0cm)	23.5" (60.0cm)	23.5" (60.0cm) L x 20" W (51.0cm)
FOLDED		43.0" (109.2cm)	20.0" (51.0cm)	11 lbs. (4.8kg)		4.75" (12.0cm)	2.6" for each addtl chair

Frame: Main support frame is made using 1.25" x .625" [3.2cm x 1.6cm] 18-gauge oval steel tubing. Cross bars consist of identical 18-gauge oval tubing firmly welded to each leg. Chair will support more than 1,000 lbs.

Seat and Chair Back: Seat and chair back are injection molded using toughened, UV stabilized, polypropylene plastic is molded in a variety of colors. The polypropylene frames provide the main structural support for upper sections of the chair. The seat is attached to corresponding frame members using 5/16" [.79cm] zinc-plated rivets. Chair back is attached to the top of the front legs of the chair through a system of glides and snaps that lock into the oval steel tube.

Frame Finish: Steel finish is electrostatically applied, heat-cured powder coat. UV formulated for indoor and outdoor use.

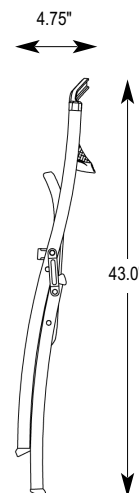

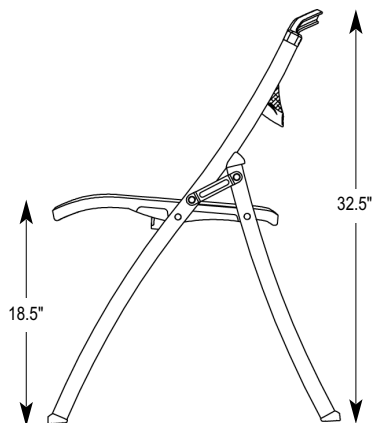

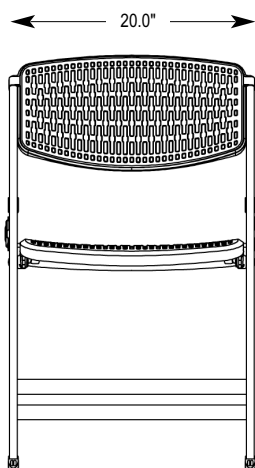

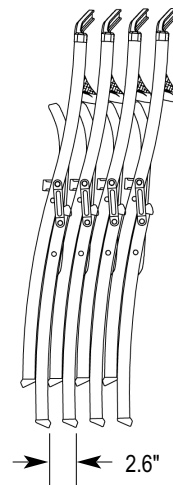

Leg Feet and Caps: Feet are injection molded using a non-marring thermoplastic elastomer. Combined foot to floor contact is not less than 2.8 square inches [18 square centimeters].

Folding: Folding mechanism is a 4-bar type linkage created through the polypropylene chair seat and 14-gauge stamped steel frame links. Mechanism is joined by zinc-plated steel 5/16" [.79cm] diameter rivets.

Stacking: The shape and construction of the chair provides stable, positive indexing when stacked. Stacking density is 4.75" [12cm] for the first chair, each additional chair is 2.6" [6.6cm].

Carts: Tree, Half Tree, and Flat Stack carts available with 60, 30, and 28 chair capacities respectively. All carts can fit through an 80 inch doorway.

Warranty: Flex•One folding chairs are warranted to be free from defects in materials and workmanship under normal use, service, and handling for ten (10) years from the date of purchase on steel chair frame and three (3) years from the date of purchase on patterned seat and back.

Standard Part Numbers: 1FFBKSBLK00; 1FFWHTWHT00; 1FFSILBLK00; 1FFSILWHT00
