

mesh•one™

Stacking Chairs

Mity-Lite's revolutionary Mesh•One™ Stacking Chairs exceed all expectations for comfortable, stackable seating. Available as a side chair or in a mobile configuration, Mesh•One™ Stacking Chairs are ideal for any guest, reception, conference, waiting room, or work environment. Mesh•One™ Stacking Chairs combine a contemporary design with the advantages of elastomeric mesh and automated chair manufacturing technology to provide an industry-changing product that delivers the ultimate in lightweight durability, comfort, and value.

Better than upholstered seating comfort and affordably priced, Mesh•One™ Stacking Chairs provide ergonomic support and increased breathability due to the mesh backrest and seat. Incorporating a patented design, the chairs conform to the shape of each individual, minimize pressure points, maximize airflow, and deliver unsurpassed comfort for periods of extended seating.

Product Attributes

- Durable & Lightweight—Supports over a 1,000 lbs
