

Durable Lightweight Tables & Chairs

Mity-Lite Mobile Staging™

Durable, Stable, Simple

Introducing Mity-Lite's versatile, self-contained mobile stage—strong enough to hold 4,000 lbs yet simple enough for one person setup and takedown. Built for rigorous daily use from oversized steel tubing and high-grade aluminum, Mity-Lite Mobile Staging can support more weight than typical risers and provides a stable, wobble-free platform. The innovative cantilever design ensures safe and easy setup, has a low profile for better visibility during transport, and its low center of gravity helps prevent tipping. Save time, cut costs, and never purchase separate decks, legs, tools, or carts again.

Features & Benefits

- Quality construction for rigorous commercial use—Supports 4,000 lbs
- Save time & labor—Set up in under 30 seconds by one person
- Easy setup—Innovative cantilever design reduces risk of back strain & lowers liability
- Safely transported—Low profile for better visibility & low center of gravity to prevent tipping
- No assembly required—All parts connected to the frame so nothing gets lost or damaged
- Positive Lock—Automatically locks decks in place during use & during transport
- Longer useful life & level deck alignment—Nylon bushings at pivot points prevent unnecessary wear
- ADA-compliant components available
- 3-year warranty
- Made in the USA
