

the leader in lightweight durability

Summit™ Lectern Specifications

—the highest standard in lightweight, durable lecterns

Presidential Model

QUICK SPECS			
Width 26"	Height 47"	Depth 25 1/2"	Weight 76 lbs.

Applications:

The Summit™ Lecterns are designed to be used in auditoriums, class rooms, meeting rooms, conference rooms, outdoor functions, and multi-purpose rooms. Designed with lightweight durability in mind, the lecterns may be moved from room to room yet still stay looking new for years to come.

Shell:

1. The main shell is made of a tough polyethylene plastic 1/4" in thickness.
2. Shell shall be a unique, molded, one-piece unit.
3. Wheels are attached to shell using 5/16" diameter axle in 14 gauge steel bracket.
4. Front insert attached by heavy-duty clips for ease of changing.
5. Front insert shall be a laminated 1/8" ABS.

Accessories:

1. One (1) light with 7 LED's mounted near the work surface.
2. Shock-mounted 21" flexible microphone.
3. Wired with XLR on work surface.
4. 600-watt stereo amp.
5. Two (2) 200 watt 8" speakers with 3" X 5" tweeter.
6. Two (2) adjustable speaker stands.
7. 1-channel volume control.
8. Two (2) 30-foot speaker cable
9. Rechargeable battery and charger

Wheels:

1. Wheels are 3" diameter 1 1/4" wide nylon bearing, with 5/16" diameter axle.
2. Wheels activated by tilting the lectern back and pushing forward or pulling back.

Finish:

Finish shall be clean & waxed for shine—exceptional for indoor/outdoor use.

Warranty:

Standard 12-year warranty is applied to the shell only.
For full warranty, contact your Mity-Lite Rep.
